Application Nº 10/520,283 (PCT ES 03/00396)
COLUNGA, ALFREDO GONZALEZ

Dear Madam,

As applicants we have received a Communication Office Action dated December 05th 2006 to amend specifications and claims within a time limit of three months from the mailing date with a time extension of another three months with a non-extendable time limit of 6 months after the mailed date.

We enclose by fax :

- a) This letter (1 page).
- b) New final amended text of the description (7 pages)
- c) New final amended text of claims (3 pages)
- d) New final amendment text of the abstract (1 page)
- e) Two new sheets of drawings (2 pages)
- f) Form PTO/SB/22 of petition for extension of time under 37 CFR 1.136 (a)
- g) Form PTO-2038 of Credit Card Payment
- h) Instruction with amendments and notes for the Examiner according to 37 CFR 1.121 (b.1) (13 pages)

The amendments of specifications and claims (accompanied by 13 pages of notes for the examiner this letter, and two forms, as a whole 29 pages) intends to make clearer the text in accordance with the observations. To amend the text we have used a literal and strict approach, with amendments by addition referred to the text of the description without affecting the technical characterization and amendments of suppression or replacement with the same effect. In particular the claims have been rewritten in accordance with the text suggested by the European Patent Office for the same PCT text.

I join new pages 1 to 7 of description, 8 to 10 of claims and 11 of abstract and 2 of drawings. I enclose a new full text of the specifications, claims and abstract with drawings, and a report for the examiner with notes and a clear indication of the place and nature of the amendments. The words which have been added or replaced appear clearly indicated with bold types with a set of justification notes for the Examiner. We respectfully ask for a confirmation by fax of the receiving.

Yours faithfully,

Juan F. Casero Lambás
